

**UZBL**

"The most 'usable' classroom cases"

# AIRWAVE

FOR IPAD 10TH GEN 10.9"

## RIBBED SILICONE

## EASY INSTALLATION

## ASSET TAG READY

## AIR CELL TECHNOLOGY

Composed of soft silicone material, the inside of the case has deep grooves that absorb accidental drops and falls, similar to the design we use in our flagship ShockWave cases.

## 3RD PARTY CERTIFIED

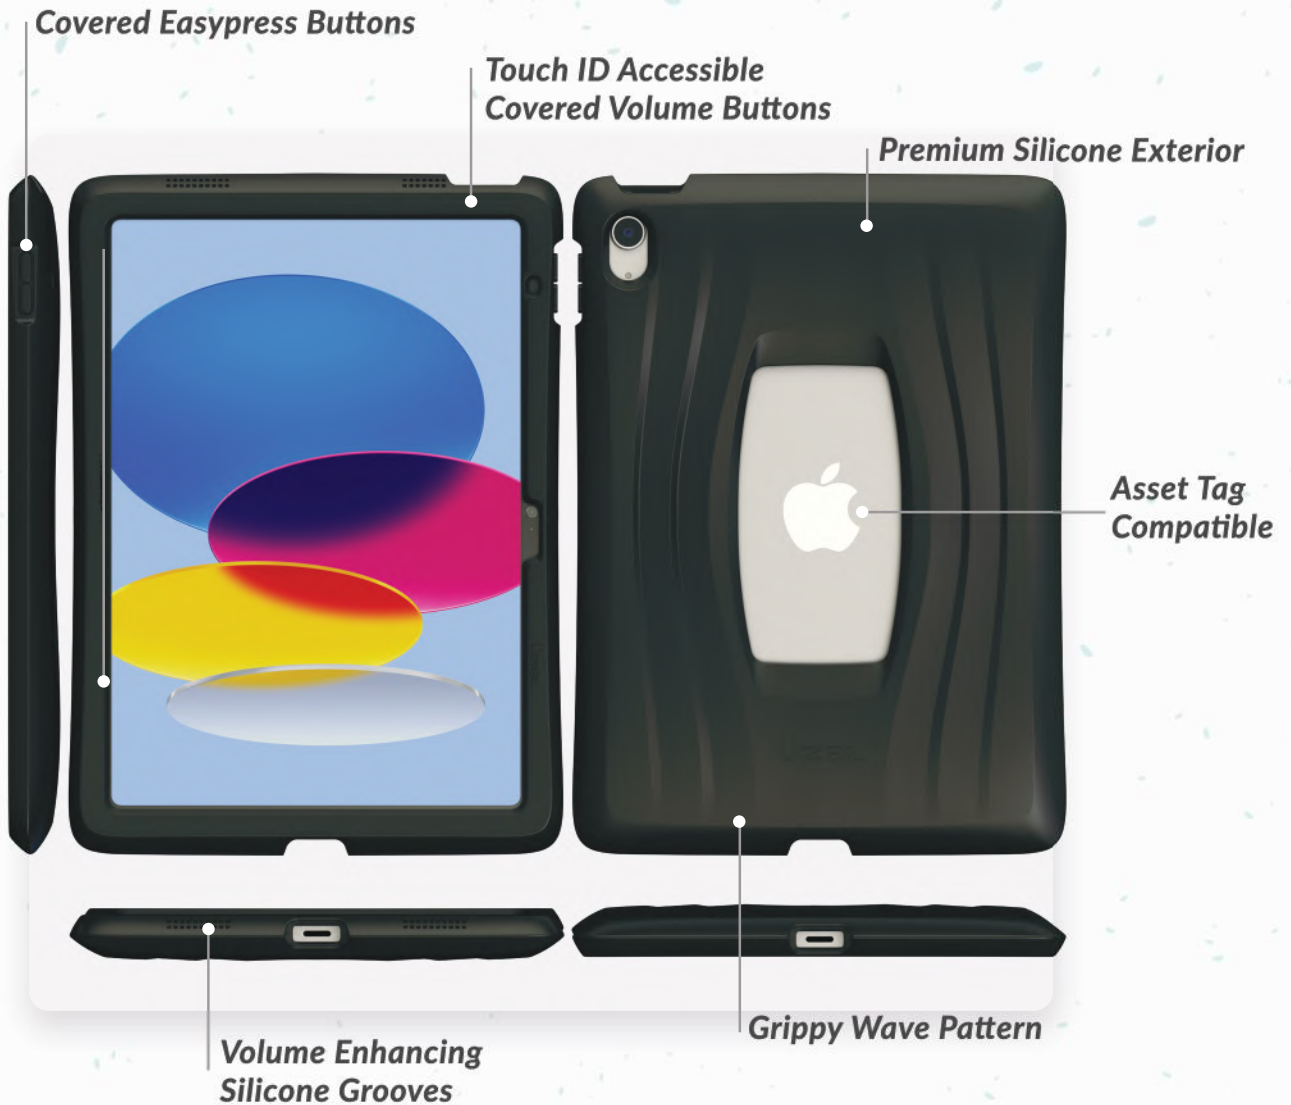

By SGS labs, the AirWave was dropped over 30 consecutive times from 5+ feet onto steel plates passing the test every single time. Contact us for a direct report of our lab results.

## SILICONE EXTERIOR

To preserve the Apple aesthetic, we left the logo exposed on the rear, perfect for barcodes and asset tag scanning. Composed of shock absorbing protective silicone.

# PRODUCT SPECIFICATIONS

## AIRWAVE

### Weight

8 ounces

### Material

Silicone

### Product Part Numbers

AW-7891-BLK | AirWave for iPad 10th Gen 10.9" (Black)

AW-7747-RED | AirWave for iPad 10th Gen 10.9" (Red)

AW-7746-BLU | AirWave for iPad 10th Gen 10.9" (Blue)

### Dimensions

10.3 x 7.6 x 0.4

### Customization

Custom School Logo & Colors

### Colors

Black / Red / Blue
