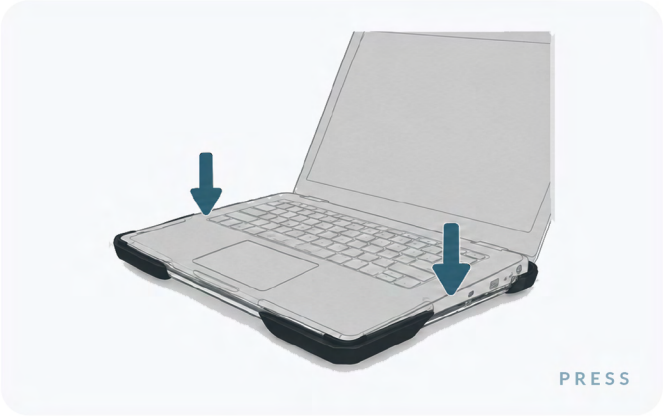
INSTALLATION GUIDE

Installing the case

Six steps. No tools needed.

1 Set the keyboard into the bottom case, front edge first.



2 Press down until the side clips engage.

3 Snap the rear corner clips over the keyboard.

4 Line up the screen under the top case's side clips.

5 Slide the top case down to the top of the screen.

6 Press the lower side clips over the device to secure.

INSTALLATION GUIDE

Removing the case

Four steps. Follow them in order.

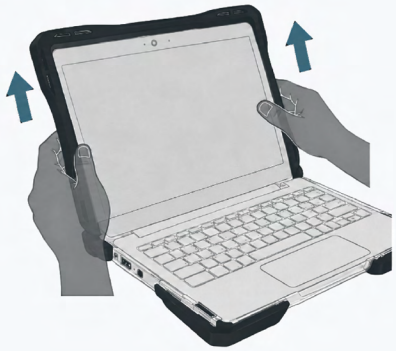
IMPORTANT

Order matters.

Complete steps 1 and 2 before moving on. Skipping them can damage the device.

RELEASE

1 Push the lower side clips out to release the top case.



LIFT

2 Slide the top case off, lifting from the bottom corners.

UNHOOK

3 Push the rear clips down to unhook the device.

FREE

4 Push the side clips down past the device, one at a time.
